annual_report_2022

_Look, I tell you, lift up your eyes, and see that the fields are white for harvest.
John 4:35

_Every field yields its harvest in its season. A good farmer understands the season, knows his field, and can recognize when harvest time is coming. One sign is the white tips of the plants.

_The disciples of Jesus were to have the ability to recognize the time of the spiritual harvest. Evangelism is not something that happens when we think the time is right. **The harvest of the field is timed by the „ripeness“ of the field, not by the farmer.**

_The year 2022 is the year we observe ripening. The pandemic years are coming to an end, we are recovering from war, life in communities is taking off. Most young people have gone through an existential crisis, had to cope with loneliness, experienced estrangement from community or spiritual emptiness.

_Looking up, in the twelve mission camps we have worked with, we see a great in-

crease in campers who do not profess a living faith (almost 50% of the participants), but who have heard the gospel during the camp. After a year off, 16 young leaders have signed up for our School for Youth Leaders, and we are once again hearing from schools and churches interested in prevention programs in schools. We are serving in three regions in a very personal way (Žilina, Prešov, Revúca), TreeHouse continues, FUSION is starting up in another city. Over 360 leaders participated in three types of training (RECHARGE, CORE1, CORE2) that focused on discipleship and evangelism.

_We are seeing change. We desire to properly embrace this change and properly understand the season we are in. May the ministry to which God has called us, **„to inspire and train youth leaders and help them to raise up the next generation of Christ-followers in the church,“** be a useful tool in the harvest that lies ahead. Thank you for joining us in this mission.

✓ A MOVEMENT OF GOD AMONG YOUTH, THAT FINDS ITS HOME IN THE LOCAL CHURCH AND TRANSFORMS SOCIETY.

” Thank you for the opportunity to be a part of KPM this year. It was a new experience and challenge for me to experience time together and learn amazing things. Thank you for this and I really appreciate the work you do, it's amazing and I hope to see you next year. It was great the way you guys went the extra mile and it really pushed me forward. Thank the Lord for allowing me to get to know you though online. You are awesome.”

” SPM has definitely positively impacted my relationship with the Lord. It's a place where I can learn new things about Him, for example, one attribute of Him that I perceive so much more because of SPM is His omnipresence. He is with me wherever I go! The Bible study classes have resonated with me the most, it's a place where I can learn how to get to know the Lord God better through His Word.”

” The lecture on making the right decisions was great. Honestly, I didn't expect it to be that interesting, but in the end I'm glad I didn't stay at home. I think it was the first time in five years that I said that I sometimes regret my decisions.”

” For me, **EDGE** means inviting young people to activities they enjoy and opportunities to spread the Gospel through such ministry. It is also an opportunity to build relationships and impact the lives of young people. Players come and can get to know Jesus through talks or by getting to know us leaders as Christians in general.”

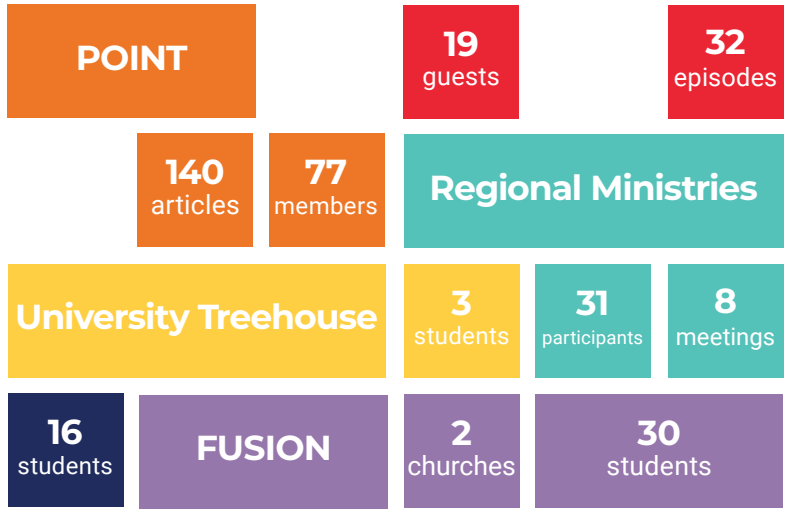

” After I listened to today's **EXIT** lecture about bullying I realized that I need to think about my behaviour and whether I am hurting someone by the way I behave.”
