IN MOTION

joshiahventure

A MOVEMENT OF GOD AMONG YOUTH, THAT FINDS ITS HOME IN THE LOCAL CHURCH AND TRANSFORMS SOCIETY.

TCKOMPAS
TRÉNINGOVÉ CENTRUM

"Rather, he himself gives everyone life and breath and everything else. For in him we live and move and have our being." Acts 17: 25b, 28a NIV

The vision that unites our whole team towards one goal is, "to be part of the movement of God among the young generation in Slovakia that finds its home in the local church and transforms society."

When we look at the movement that Jesus created, we can see it was not static. This extraordinary and dynamic movement changed the speed, size, impacted on others, spurred early followers to make crazy decisions and changed the history of the world forever. Speaking of movement or "motion", one of my first associations is with the physicist Isaac Newton (no comma) who observed and defined three basic laws of motion: an object remains in **inertial motion**, or at rest, unless **acted upon by a force**; **change in motion is**

caused by a force; **action causes reaction**.

If we describe God's action with the word movement and we observe a change, it means that someone else is exerting a force on all of this (inertia). If God's movement was based on human effort, not only would it not remain in inertial motion, it would have stopped completely a long time ago (change of movement). The movement of God continues to grow today, moving a generation of young people. We see it in the churches, at youth groups, in the schools... everywhere around (action-reaction). If you have witnessed forgiveness, reconciliation, confession of sins, baptism, undeserved love... and many other things, you must recognize that these do not originate in our own human power. These come from our human response to a divine initiative.

It is a privilege to be part of the movement that the Lord is setting in motion. We are not the ones who start or finish the movement but we have the opportunity to be a part of how God works, to experience directly his life-changing power among the youth of Slovakia.

2024 was also a year of motion for our team and ministry. We welcomed to our staff Adam Velebir, Beny Sramo and Tabita Elias. We also said goodbye to Shepersons, Rumbolds, and Daniel Skonc. We have been experiencing movement among the youth leaders of Slovakia where the whole generation of leaders has changed. The youth leaders conference (KPM) and the school for youth leaders (SPM) are

each training a new generation of leaders in a new way. We have welcomed new university students in the **TREEHOUSE**. In **CAMP MINISTRY** we have witnessed new stories of God's grace. Our **C-team** managed to capture some of them in videos. We have been training the next generation of coaches in the contact ministry through sports (**EDGE**). The resources we offer youth leaders to support and help their ministry are continually updated (**POINT**). The Lord is opening new doors to partnership with new churches. All this motion means that the movement is alive, not stagnating or standing still.

When you find yourself at a point where you are not sure what exactly is going on around you, check if you can observe changes. Can you see people in spiritual motion? Or is it just inertia, or even worse, a stagnancy? God's movement brings spiritual change. We consider it as God's grace that we can experience this change in our ministry today.

Timotej Máhrik
TCK OZ director

"Summer camp was an amazing experience thanks to which I understand God more. Thank you for the extraordinary time I could experience this summer" student

POINT

"God used KPM to show me that I might be fighting a completely invisible battle, and it's important to notice what I direct my mind to. Thank you. I realized what God was doing in my heart and how important it is to never stop sharing the gospel with people." a participant
